SCRIBNER'S FOR AUGUST.—Two very seasonable articles in SCRIBNER'S for August are—the entertaining paper by Mr. Shanks on "Yachts and Yachting," with pictures of celebrated yachts, ocean races, etc., and a pleasant and practical illustration on "The Canoe: How to Build and how to Manage it."

Wendell Phillips. Most every one has heard more or less about Wendell Phillips, so much so that he is now regarded as authority of no mean order as to men or measures connected with the abolition of slavery and the elevation of the slave to the dignity of citizens of this Republic.

You know I am neither a Republican nor a Democrat. Whom I shall vote for, or whether I shall vote at all, I do not know. But certainly as against Greeley I am for Grant. We have had one Andy Johnson; I will not run the risk of getting another in Greece Greeley. I want a man with some decided principles. Greeley never had any.

As for Adams, I do not fear him—an aristocrat by birth and a Democrat from perversion—the love of money makes such a unique position. He is a Democrat, but afraid to confess his creed, or wear its uniform. If any party allows him to lead it, he will lead it to its grave, as all the Adamses have always done.

For a loyal Administration to protect the negro, we the rebel, give the working man a chance. Grant's little finger is worth a baker's dozen of Greeley's. Yours, WENDELL P. HILLIPS.

THE STATE ELECTION.

The Philadelphia North American very properly attaches great importance to the State elections as influencing to a very considerable extent the result of the Presidential election. Acting upon this sensible idea, which should be kept steadily in mind by every true Republican, it says: We urge, therefore, that from this time forth until a victory is won, the Republicans of Pennsylvania occupy themselves vigorously with the work lying nearest to hand, and to do so much to secure the election of Gen. Hartranft that the impetus will remain at aid in giving a round and substantial majority for the Republican party thereafter.

A Leading Illinois Democrat For Grant.

Hon. B. F. Parks, formerly a Democratic member of Congress from Indiana, but now a resident of Illinois, made a telling speech in Joliet on the 13th inst., severely denouncing Greeley from a Democratic standpoint, and declaring his intention to support Grant. He put it thus: "If among the 3,000,000 Democratic voters on this continent there is no man worthy to receive your votes—that you must throw aside every principle of your life—that you must cast away your hate, your love, your very shame, and in agony of soul take to your hearts your life-long enemy—the man you have always abhorred, scorned and detested—than I say I cannot go with you. Candidly, as a Democrat that has been proscribed, socially, financially and professionally; as one who has been a martyr to Democratic principles; as one who has always advocated those principles, believing them to be right; I say that with that record, with those surroundings, Mr. Greeley can die ere I will consent to owe him anything or pay allegiance to him." And further: "This conspiracy against Gen. Grant has been brewing about two years, and it was and is based on the idea that the Democracy are purchasable and deliverable. I suppose I was in the inventory on the 1st of January last, but gentlemen, they can neither sell nor deliver me." O! Grant he said: "He never said to anybody that he was a Democrat; he did not say that he was a Republican. He simply said that if elected, he would act to his duty right along, and gentlemen, I submit to you the proposition that he has done it faithfully, fearlessly and honestly." Concluding, he said: "Fellow-citizens, taking into consideration who are the candidates before you, there is no alternative for any true Democrat but to vote for U. S. Grant for President. I am here as a Democrat. I do not call myself a Republican. I have proclaimed to you what I honestly believe to be the truth; no sinister or interested motives control my action or give color to my judgment. The conclusions I have come to are the result of the best consideration I have been able to give to the matter; and I believe it a duty I owe to those with whom I have usually acted, and to the whole people of this State, to give reason for my present action."—[N. ONE MILLION OF LIVES SAVED.

It is one of the most remarkable facts of this remarkable age, and that so many persons are the victims of dyspepsia or indigestion, but its willing victims. Now, we would not be understood to say that any one regards dyspepsia with favor, or feels disposed to rank it among the luxuries of life. Far from it. Those who have experienced its torments would scold such an idea. All dread it, and would gladly dispense with its unpleasant familiarities. Mark Tapley, who was jolly under all the trying circumstances in which he was placed, never had a touch of dyspepsia, or his jollity would have speedily forsaken him.

Of all the multifarious diseases to which the human system is liable, there is perhaps no one so generally prevalent as dyspepsia. There are diseases more acute and painful, and which more frequently prove fatal, but none the effects of which are so distressing to the mind and so positively distressing to the body. If there is a wretched being in the world it is

A CONFIRMED DYSPYPTIC. We have said that dyspepsia is perhaps the most universal of human diseases. This is implicitly the case in the United States. Whether this general prevalence is due to the character of the food, the method of its preparation, or the hasty manner in which it is usually swallowed, is not our province to explain. The great fact with which we are called to deal is this: DYSPYPTIA PREVAILS almost universally.

Nearly every other person you meet is a victim, an apparently willing one; were this not the case, why so many sufferers, when a certain, speedy and safe remedy is within the easy reach of all who will apply it, and who are so numerous? The reply: What is this remedy? to which we reply: This great alleviator of human suffering is almost as widely known as the English language, and is to-day carried to the remotest corners of the globe by others. This acknowledged panacea is none other than

HOOPLAND'S GERMAN BITTERS. Would you know more of the merits of this wonderful preparation than can be learned from the terms of its name? Try it yourself, and when it has failed to fulfill the assurance of its efficacy given by the proprietor, then abandon faith in it.

LET IT BE RE-MEMBERED, first of all, that HOOPLAND'S GERMAN BITTERS is a pure vegetable.

They are composed wholly of the pure juice of vital principle of roots. This is not a mere assertion. The extracts from which they are compounded are prepared by one of the best chemists in the world, and their effects can be beneficially in all cases of the bilious system. Hoopland's German Bitters stand without an equal, acting promptly and vigorously upon the liver; they remove its torpidity, and induce healthy secretion of bile, thereby purifying the stomach with the most indispensable elements of sound digestion in proper proportions.

They purify the blood, cleansing the vital fluid, of all harmful impurities and supplying it with the elements of genuine healthfulness.

Now, there are certain classes of persons to whom extreme Bitters are not only unpalatable, but who find it impossible to take them without positive discomfort. For such Dr. HOOPLAND'S GERMAN BITTERS has been specially prepared. It is intended for use where a slight alcoholic stimulant is required in connection with the well-known Tonic properties of the pure German Bitters.

HOOPLAND'S TONIC acts with almost unrelaxing effect. It not only stimulates the flagging and wasting energies, but invigorates and permanently strengthens its action upon the Liver and Stomach through, perhaps less prompt than the Bitters, when the same quantity is taken is none the less certain. In Rheumatism, Biliousness, Physical or Nervous prostration, yield readily to its potent influence. It gives the invalid a new and stronger hold upon life, removes depression of spirit, and inspires cheerfulness. But Dr. Hoopland's benefactions to the human race are not confined to his celebrated GERMAN BITTERS, or his invaluable Tonic. He has prepared another medicine, which is rapidly winning its way to popular favor because of its intrinsic merits. This is HOOPLAND'S PODOPHYLLIN PILLS, a perfect substitute for mercury without any of mercury's evil qualities.

These wonderful Pills, which are intended to act upon the Liver, are mainly composed of Podophyllin, or the vital principle of the mandarin root. It is the medicinal virtues of this health-giving plant in a perfectly pure and highly concentrated form. The Podophyllin acts directly on the Liver, stimulating its functions and causing it to make its bilious secretions in regular and proper quantities. The injurious results which invariably follow the use of mercury is entirely avoided by their use. But it is not upon the Liver only that their powers are exerted. The extract of Mandrake contained in them is skillfully combined with other extracts, one upon the upper bowels, one upon the lower bowels, and prevents any gripping effect, thus producing a pill that influences the entire digestive and eliminatory system, in an equal and harmonious manner, and its action entirely free from nausea, vomiting or gripping pains common to all other purgatives.

Possessing these much-desirable qualities the Podophyllin becomes invaluable as a

FAMILY MEDICINE. No household should be without them. They are perfectly safe, require but two for an ordinary dose, are prompt and efficient in action, and when used in connection with Dr. Hoopland's German Bitters, or Tonic, may be regarded as certain specifics in all cases of Liver Complaint, Dyspepsia, or any of the disorders in which the system is ordinarily subject.

PODOPHYLLIN PILLS act upon the stomach and bowels, carrying off improper obstructions, while the Bitters or Tonic purify the blood, strengthen and invigorate the frame, give tone and appetite to the stomach, and thus build up the invalid anew.

Dr. Hoopland, having provided internal remedies for disease, has given the world one mainly for external application, in the wonderful preparation known as HOOPLAND'S GREEK OIL.

This Oil is a sovereign remedy for pains and aches of all kinds. Rheumatism, Neuralgia, Toothache, Chills, Sprains, Burns, Pain in the Back and Loins, Ringworms, etc., etc., all yield to its external application.

Taken internally, it is a cure for Heartburn, Kidney Diseases, Sick Headaches, Colic, Dysentery, Cholera Morbus, Cramps, Pains in the Stomach, Colds, Ac. hna, etc.

These remedies will be sent by express to any locality, upon application to the PRINCIPAL OFFICE, at the GERMAN MEDICINE STORE, No. 631 ARCH ST., PHILADELPHIA.

CHAS. M. EVANS, Proprietor. Formerly C. M. JACKSON & CO. These Remedies are for sale by Druggists, Storekeepers, and Medicine Dealers every where. v212y1

Ayer's Cathartic Pills,

For the relief and cure of all derangements in the stomach, liver, and bowels. They are a mild aperient, and excellent purgative. Being purely vegetable, they contain no mercury or mineral whatever. Much more sickness and suffering is prevented by their timely use; and every family should have them on hand for their protection and relief, when required. Long experience has proved them to be the safest, surest, and best of all the Pills with which the market abounds. By their occasional use, the blood is purified, the corruptions of the system expelled, obstructions removed, and the whole machinery of life restored to its healthy activity. Internal organs which become clogged and sluggish are cleansed by Ayer's Pills, and stimulated into action. Their cathartic effect is changed into health, the value of which change, when reckoned on the vast multitudes who enjoy it, can hardly be computed. Their sugar coating makes them pleasant to take, and preserves their virtue unimpaired for any length of time, so that they are ever fresh, and perfectly reliable. Although searching, they are mild, and operate without disturbance to the constitution, or time, or occupation.

Full directions are given on the wrapper to each box, how to use them as a Family Physician, and for the following complaints, which these Pills remedy: For Dyspepsia or Indigestion, Loss of Appetite, they should be taken moderately to stimulate the stomach, and restore its healthy tone and action.

For Liver Complaint and its various symptoms, Bilious Headache, Sick Headache, Jaundice, or Green Sickness, Biliousness, Constipation, they should be judiciously taken for each case, to correct the diseased action or remove the obstructions which cause it.

For Dysentery or Diarrhoea, but one mild dose is generally required. For Rheumatism, Gravel, Pains in the joints, Headache, Neuralgia, Sciatica, Gout, and other ailments, they should be judiciously taken for each case, to correct the diseased action or remove the obstructions which cause it.

For Dropsy and Dropsical Swellings, they should be taken moderately to stimulate the system, and produce the effect of a drastic purgative. For Suppression, a large dose should be taken, until it produces a decided effect by sympathy.

As a Dinner Pill, take one or two Pills to promote digestion and stimulate the stomach and bowels, and to invigorate the system. Hence it is a most advantageous where no serious derangement exists. One who feels sorely oppressed, either by indigestion, or by the Pills makes him feel decidedly better, from their cleansing and renovating effect on the digestive apparatus.

HALL'S VEGETABLE SILICIAN HAIR RENEWER.

Every year increases the popularity of this valuable Hair Preparation, which is due to merit alone. We can assure our old patrons that it is kept fully up to its high standard; and it is the only reliable and perfected preparation for restoring GRAY or FADED HAIR to its youthful color, making it soft, lustrous, and silken. The scalp, by its use, becomes white and clean. It removes all eruptions and dandruff, and by its tonic properties, prevents the hair from falling out, as it stimulates and nourishes the hair-glands. By its use, the hair grows thicker and stronger. In baldness, it restores the capillary glands to their normal vigor, and will create a new growth, except in extreme old age. It is the most economical HAIR-DRESSING ever used, as it requires fewer applications, and gives the hair a splendid glossy appearance. A. A. Hayes, M.D., State Assayer of Massachusetts, says, "The constituents are pure, and carefully selected for excellent quality; and I consider it the BEST PREPARATION for its intended purposes."
